

## **Tulsi Stuti**

When all the *tulsi* plants grow together, such a group is known as "vrinda." I worship that Tulsi Maharani.

In ancient times, Tulsi Maharani appeared in Vrindavan and thus she is known by the name "Vrindavani." I worship that Tulsi Maharani.

I offer my obeisances to Tulsi Maharani. In countless Universes, she is constantly worshipped and therefore she is also known as "Vishwapujita." I revere this goddess of the Universe.

Because of her purity, all of the Universes are purified, and therefore she is known by the name of "Vishwapavani." In separation, I meditate upon this Tulsi Devi.

In spite of offering many types of flowers, *devatas* are not pleased until a *tulsi* leaf is offered to them. I long to have darshan of that goddess who is an ocean of good deeds.

My eyes long to worship this Devi who is universally known as Nandini because her presence gives happiness to so many devotees. May she bestow her kindness upon me.

She is incomparable in the whole world and therefore she is known as Tulsi Devi. I take the shelter of her lotus feet. She is known as Krishn Jivani as she is the very life of Lord Krishn and so dear to Him. May Krishn Jivani protect my life.
